## Advice

The Advice Segment reports the financial economics of a number of different advice channels.

The three main Advice channels are;

- Professional Services wholly owned and operated advice network of Insignia Financial
- Self-Employed Advice Advisers operating their own advice businesses under an Insignia Financial licence
- Self-Licensed Advice Advisers operating their own advice business with a non-Insignia Financial licence who utilise certain services from Insignia Financial

Other channels include;

• **Other** – includes revenue from advising on General Insurance and National Lending services as well as the wind down of the historical open architecture third-party platform distribution revenue

	Professional Services	Self-Employed	Self-Licensed	Total
Dec-21	292	890	583	1,765
Dec-22	247	766	512	1,525

#### Composition of advisers by channel

**Professional Services** are wholly owned and operated by Insignia Financial and include the following advice brands:

- Shadforth Financial Group Employed Advisers servicing High Net Worth clients
- Bridges Financial Group Employed Advisers servicing a broad range of Australians. The Bridges and MLC Advice businesses integrated successfully last financial year under a refreshed Bridges advice model, aligning governance, standards and the ways of working with a focus on improving outcomes for clients

Material net revenue drivers	Majority of advice revenue is charged through a fixed fee. Some of Shadforth's clients are charged a combination of fixed fees and asset-based fees. Insignia Financial retains 100% of the advice fee as revenue
Material cost drivers	Employed advisers are paid a salary plus discretionary bonus
	Support services for advisers, Technology, Business Support, Compliance, Research and Marketing, Technical Services and Professional Development

**Self-Employed advisers** own their practice and this channel includes the following advice brands: Consultum, Lonsdale, Millennium 3, RI Advice, Godfrey Pembroke, and TenFifty, which operates as a business-tobusiness Advice brand for a cohort of ex-MLC advisers authorised under the Consultum licence.

Material net revenue drivers	Advisers charge a combination of variable and/or fixed advice fee. Insig Financial collects 100% of the gross advice fees as revenue	
	Direct costs include the portion of advice fees remitted to advisers as per the licence agreement with Insignia Financial	
Material cost drivers	Support services for advisers; Technology, Business Support, Compliance, Research and Marketing, Technical Services and Professional Development	

**Self-Licensed Advice** covers services provided to Independent Financial Advisers not licensed by Insignia Financial through the Alliances brand, MLC Connect and Lonsdale Dealer Associates

Material net revenue drivers	Advisers pay fees for services provided. Insignia Financial is not exposed to any licence risk		
Material cost drivers	Support services for advisers, Licensing, Compliance and Governance, Technical Services, Research, Marketing		

**Other** – Insignia Financial also earns revenue from non-advised clients, advising on General Insurance and from National Lending Services. The Advice segment includes the financial economics of run-off third-party platform administration arrangements and historical open architecture arrangements. This includes Colonial First State (CFS) and some Macquarie white-labelled products. The Rhythm administration solution administered by HUB24, which launched in June 2021, is reported in the Platforms segment, as it represents an outsourced administration arrangement by an Insignia Financial Group superannuation fund or Investment Services operator.

### **Platforms**

The Platforms segment reports the financial results of a number of different platforms, including Insignia Financial's proprietary platform, the ex-ANZ P&I platforms, and the MLC Retirement & Investment Services (R&IS) platforms.

The Insignia Financial proprietary platform has been simplified down to one core platform technology; being Evolve, on the completion of the Evolve21 project in December 2021. This involved the successful transition of approximately 93,000 client accounts from Orion to Evolve during 2021 with the final tranche of accounts successfully transitioned in December 2021.

In June 2022, the Insignia Financial Group completed the transition of more than 21,000 members from the legacy Integra Super product off the Integra platform to the contemporary ANZ Smart Choice Super product on the Composer platform, thus reducing the number of platforms supporting the ex-ANZ business from 3 to 2.

With Evolve the intended go-forward proprietary platform technology for the majority of Insignia Financial proprietary products, the next major phase of platform simplification, Evolve23, will see the transition of the MLC wrap products from the Star platform to the Evolve platform, which the Insignia Financial Group expects to complete in 2023. This will see the number of platforms supporting the MLC business also reduce from 3 to 2.

Running in parallel with the Product simplification program was the branding launch of the Advised Wrap products under the one platform identity on 14 November 2022. This sees Expand Extra as the go forward 'Full menu' option and Expand Essentials as the go forward "Core menu" option.

The Platforms segment has four key channels;

**Workplace** – Workplace super for current employees of small, medium, and larger enterprises providing a low fee offering for employers and their employees, which is both digitally serviced and relationship managed (including MySuper offerings)

**Personal** – Low complexity offer for direct retail clients. Also includes the Personal clients of the Workplace products (those clients who have left their employer). Low fee, digitally distributed and serviced

Advised – Adviser platform for retail clients and advised Wrap platforms, includes those administered by Macquarie and HUB24

**Closed/Transition** – Largely closed and legacy products including legacy OneAnswer, Oasis and ex-ANZ P&I legacy Employer product ANZ Super Advantage.

Material net revenue drivers	Net revenue across products are driven by the level of fees, fee tiering and capping, together with discounting for larger Workplace super plans, and the mix of business across investment options
	Fee tiering and capping in many products result in a non-linear relationship between Funds Under Administration (FUA) and revenue
	Margins on Wrap products represent margins on administration fees whilst margins on Master Trust products include administration and investment fee margins

	MySuper fees are fixed plus basis point on FUA resulting in a higher overall net revenue % due to lower average client balances and a fixed proportion of fees. Fixed proportion of fees also apply to Choice options for IOOF Employer Super, Smart Choice, MasterKey and Plum products		
Material cost drivers	Costs largely comprise staff salaries and technologies, relating to the following functions:		
	Administration systems and process		
	Product and distribution		
	Governance and process improvement (ClientFirst)		
	Costs paid to outsourced product administrators i.e. Macquarie, HUB24
